PRESIDENT MAURSTAD: Senator Cudaback.

SENATOR CUDABACK: Mr. President, members, I guess much has been said here. What can you say when you know that there are people around that when you see them you just enjoy seeing them, you enjoy visiting with them. You enjoy their surroundings. You just enjoy them being with you. Much has been said about Mr. and Mrs. Mills. I'd like to say something about their parents. They come from good stock. I know their parents. I know the Mills family. I know Norma's mother. They are good downright people. Mr. Mills, Dr. Mills was a professor at the university for years, and what can you say, what do you expect from children when you have such fine parents, and I really do mean that. The Thorell family from Holdrege, good, upstanding people. They were around for years. Jack Mills, when I went to the county board, one time Jack came to me, about a year after I was appointed, through the resignation of a member, and Jack said I've got good news and bad news. The good news is that we're glad to have you aboard. The bad news is that you've been aboard for a year illegally. So we had to go back and make an appointment. The wrong people appointed me. So you see, I got up on the wrong foot years ago. So what I do on this floor here, I guess you understand where I'm at. (Laugh) But, anyway, the Mills family has been great to me and they have good families, and what more can you say? We will absolutely all miss them. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Cudaback. Senator Byars.

SENATOR BYARS: How can I possibly follow Senator Cudaback? I mean, that's impossible. Jack and Norma, you've been good friends, and I look back to those years when I first went on the Gage County Board of Supervisors and then, Jack, when you became executive director of county officials. We spent a lot of good, good years together and I think accomplished some good things. More than anything, I think, the example you have set for your staff and for whoever follows you is one that you can be extremely proud of. And, Jack and Norma, I'm proud that you're my friends.
